

SAM EDWARD A. BERTILLO

EXPERIENCED SOFTWARE ENGINEER

ABOUT ME

Support Engineer specializing in Telecom Systems, experienced in troubleshooting transaction issues, log analysis, and API integrations within telecom environments. Skilled in Linux, SQL, and monitoring tools, with a strong focus on system reliability and incident resolution.

Currently expanding my expertise in web development using JypeScript, React.js, and Node.js to better understand end-to-end system architecture. Passionate about continuous learning and building efficient, scalable solutions.

Support Engineer *December 2025 - current , PTW*

Support Engineer in telecom systems, experienced in troubleshooting transaction issues, analyzing logs, and supporting API integrations. Proficient in Linux, SQL, and monitoring tools, with a focus on system reliability and incident resolution.

Technical Support *May 2023 - December 2025 , PTW*

Provided technical support for online gaming platforms by troubleshooting account issues, system errors, and in-game glitches; managed refund requests and documented resolutions using Zendesk to ensure accurate tracking and efficient issue resolution.

Technical Support *June 2019 - February 2021, IBEX*

Delivered phone and chat support for customers with technical issues across internet, phone, and cable services; diagnosed and resolved problems while meeting targets for customer satisfaction, quality, and handling time.

Assistant Team Leader *March 17 - October 2018 & Feb 2021 - May 2023, ARK PROJECT*

Sales Order Processor with previous experience as a Customer Service Representative and front-line supervisor, skilled in handling retail and business orders, monitoring team performance, providing coaching and feedback, and resolving order and team-related issues.
